Working on a Manual of Procedure for ICCs in USA

*On travaille sur un Manuel de Procedure pour les CIP en Amérique*

### **4. Any financial problems with ICCs/Problemes financiers des CIP**

None/Aucun

### **Comments/Observations**

I think it is very important to have the ICC Manual of Procedure revised. It needs to address more specifically the situation of multi district countries, especially USA which is such a large territory to cover. The problems of large multi district countries entering an ICC with another large multi district country – example ICC USA – India. must be considered and solved

*A mon avis, il est tres important de rediger notre CIP Manuel de Procedure. Il doit considerer plus specifiquement la situation des pays multi-districts, surtout les EU qui est grand. Les problemes des pays multi-districts qi cree un CIP avec un autre pays multi-districts, exemple CIP RU/Indes doivent etre consideres et resolu.*

There needs to be more specifics regarding small countries that are part of a multi country district. Many people get confused and think ICC is District to District.

The Manual needs to address very clearly the benefits of ICCs.

There is still a lot of confusion regarding the ICC concept.

We need to have a plan regarding the promotion of ICCs World Wide.

*On doit avoir plus de details concernant les petits pays qui font partie d'un district multi-pays.*

*Beaucoup de gens sont confus et ils croient que le CIP est District a District.*

*Le Manuel doit s'adresser tres clairement les avantages des CIP*

*Il existe toujours vis-à-vis le concept des CIP*

*Il faut un plan pour promouvoir les CIP partout dans le monde*

Presentations and information at Zone Institutes and at PETS.

This needs support from the leadership of ICCs. We should have annual ICC meetings that are part only with the NC, but also part plenary, so people can get familiar with ICC and meet the people involved already in this program.

Les dirigeants des CIP doivent soutenir les presentations, les interventions aux Institutes et aux PETS. On devrait avoir des Reunions Annuelles des CIP, Restreinte et Plenieres. Cela donnera a l'assistance la possibilite de se familiariser avec les CIP et de rencontrer les gens qui participent déjà dans ce programme.

Restart the ICC and Peace Conferences as Cannes and Tunis Conferences. There should be an ICC presence at all the Peace Conferences / Symposiums in Rotary.

*Relancer Les Conferences de Paix comme a Cannes et Tunis*

*Il faut une presence CIP a toutes les Conferences/tous les Symposia rotariens,*

A Board of 8 National Advisors then, sides the activity of the National Coordinator, advises on long term initiatives and partners to promote all ICC’s new and challenging initiatives (i.e. MPI – “Mediterranean Peace Initiative” – “The House of dialog”, etc.

Yearly, ICCs meet and work to examine situation, deliver reports to the Districts, plan activities.

*10 DGs avec le CN decident les nominations. Chaque District donne une cotisation pour l’administration des CIP qui se rencontrent et travaillent pour leur compte.*

**CIP Maroc Belux:**

Travail de ce CIP initié auparavant par l'ADG Atik Barry côté Maroc :  
Plusieurs rencontres ont été faites entre les deux parties en Algérie et au Maroc  
(2010- 2011) avec comme idée de projet:« Récolte des déchets (PMC) en échange  
de vélos pour aller à l'école »

Depuis Octobre 2011, le CIP Belux est présidé par Marc Van LOO côté Belux et  
par l'ADG Saadya Lamghari côté Maroc.

Plusieurs échanges ont été effectués et une rencontre a eu lieu à Bordeaux entre  
les parties et une idée de projet a été retenue: « Electrification par panneaux  
solaires des écoles dans la région d'El Jadida »

*ICC with Belux There have been several meetings – Project 'Collection of rubbish  
in exchange for cycles to get to school'.*

*There has been a meeting in Bordeaux. Project 'Solar Panels for schools in the El  
Jadida area.*

Il en ressort comme objectifs à atteindre par le CIP Belux-Maroc :

- Préparer un courrier de certification par le RI du CIP Maroc-Belux. Saadya en informe Ahmed MIKOU ([gouverneur9010@gmail.com](mailto:gouverneur9010@gmail.com)), gouverneur du district 9010, et Saadia AGLIF du RC Rabat Doyen, coordonnatrice des CIP du Maroc, et homologue de Marcel TILKIN du RC Liège, coordonnateur des CIP du Belux (Belgique et Grand Duché du Luxembourg), que Marc se charge d'informer,
- Rechercher des RC belges et marocains candidats RC Contacts entre les 2 pays,
- Proposer un programme « Home Hospitality » ou Accueil en famille rotarienne
- Construire une AIPM. Exemples de projets : Electrification par panneaux solaires d'un petit DOUAR (village) à raison de 100 euros par habitation, au Maroc, dans la région de El Jedida (Budget : environ 1100 Dirham par habitation),

*Prepare a Certification by RI of the ICC with Morocco and Belux.*

*Look for Belgian and Moroccan Clubs as Contacts.*

*Work for a Matching Grant – Solar Panels for Douar (a small village) 100 euros per house in the El Dedida region.*

La dernière opération a consisté en un don de 10000 brosses à dents de la part du R.C Concarneau de la région de Bretagne. **4. Any financial problems with ICCs/Problemes financiers des CIP**

**Comments/Observations**

Dans notre district il est difficile de coordonner les activités des différents CIP. Quand on demande l'information, on ne la reçoit pas par rapport aux activités réalisées dans le cadre des CIPs. Il faut penser à mettre en place un mécanisme permettant aux différents responsables des sections au niveau des district de se rencontrer au moins une à Deux fois par année.

*In our District it is hard to coordinate the activities of the different ICCs. When one asks for information, one gets nothing about the part played by the ICCs.*

*We must initiate a system whereby the people in charge of the sections at District level meet once a year (better would be twice a year),*
